

CARESOURCE PATIENTS

Thank you for choosing Antone F. Feo, Ph.D. & Associates, Inc. for your mental health needs. It is our goal to offer you the best mental health care possible and to help you achieve your personal growth goals.

Because you have Caresource as your insurance you cannot be charged a late cancel fee or a no show fee, per our contract as a provider. Please note, however, that during your course of treatment with our practice, if you have **three noncompliant occurrences**, your treatment could be terminated. Noncompliant occurrences include, but are not limited to, late cancelling of your appointment (cancellations must be made 24 hours in advance per our Office Procedures), not showing for your appointment, or noncompliance in treatment with your therapist.

We absolutely understand that things do come up from time to time so please be aware that we are willing to take special situations into consideration.

If you have any questions regarding this notice, please feel free to address this with your therapist and/or Office Manager.

I have read this notice and have received a copy.
